

"I'm having anxiety over my marriage, my career, and foreclosure bailouts."

Save the tears. For the best risk assessment and protection against foreclosure scams, all you really need is **Interthinx**®. Our FraudNETSM technology is the power behind FraudGUARD[®], the most comprehensive and progressive evaluation tool to help reduce risk, and improve loan and loan pool quality. Your company can take advantage of FraudGUARD's advanced decision support tools for rapid delivery of accurate default/foreclosure propensity and flip risk. Why fret over potential problems? Minimize your risk with access to our proprietary National Fraud Protection Database, the largest single source of mortgage application data in the industry. You'll rest easy with its accurate results and expert insight.

Take two aspirin and call Interthinx in the morning.

fraud protection you can bank on
